We are ceramic artists with over 20 years' experience of working with clay for all age groups and additional needs. We will help and encourage your child to learn all aspects of hand building with clay. Each half term your child will learn new skills with clay whilst building something of their own. If you would like to get more of an idea of what we do, please visit THE CLAYSHACK on our FACEBOOK page to see pictures of the children's work.

We provide all tools 'aprons and materials.

We will send a text message to confirm your child's place. If we are full, we will place your child's name on our waiting list for the next half term classes.
