Vision Statement

We are a Christian community of families and educators dedicated to the success of our children. Through a curriculum that is guided by Catholic Social Teaching we challenge all within our community to make decisions based on faith and respect. We value the faith backgrounds of all our families.

We want to inspire our children to use their voices so they speak with a love of justice and act humbly. Our children will be the leaders of tomorrow. Our commitment to a mutually supportive partnership of child, family and school will send them into the world with the skills they need to successfully meet future challenges.
